History:

- **1991:** RPG founded by Dr. Peter Zimmermann, who previously worked at the MPI for Radio Astronomy in Bonn/Germany and at JPL/NASA.
- Early years: Focus on development of mixers and local oscillators up to THz frequencies and their integration to complete receiver systems.
- **2002:** Dr. Zimmermann transferred most of RPG shares to his sons and to Dr. Thomas Rose, who had joined RPG in **1992** and became one of the new managing directors in **2002**.
- **2003:** RPG successfully entered the remote sensing market of meteorological instruments.
- **2006:** RPG started development activities for network and spectrum analyzer extensions for Rohde & Schwarz GmbH (R&S) Analyzers. In **2007** R&S bought 25% of the company shares.
- Collaboration with R&S, boosted the company's development and manufacturing capabilities. Since **2010** R&S owns 75% of RPG's shares. By **2016**, RPG has grown to over 60 employees.
